Calligraphy Spring Couplets Gifting & Charity Concert

IYC Taiwan's first event this year took place at the Taipei Zhulun Senior Complex on January 20th. We combined music sharing and calligraphy art with performances featuring violin, viola, Chinese flute, and vocalists. The elderly were lively and engaged, with one elderly lady even performing opera on stage and an elderly gentleman playing the saxophone. Audrey wrote beautiful couplets on-stage and presented them to the seniors. Several elderly individuals also had a great time playing the traditional pinball machine, making it a highly successful event. They eagerly inquired about our next visit and expressed their desire to practice musical pieces to perform with us in the future!

January Senior Center Concert

On January 14th, IYC started the year with another of our most beloved Bristol Concerts! With performances on the clarinet, piano, and violin, IYC was able to deliver an outstanding recital. The seniors at the Bristol Assisted Living were very impressed and thankful for the musicians who took time out of their schedules to give them such a wonderful experience. One senior was delighted to be able to listen to a piece she had always wanted to listen to. Also, we coincidentally had two performances of the same piece, but both were beautiful and impressive in their own ways. If you are interested in performing for the seniors, make sure to sign up for the concerts in the future months!

January All-Member Meeting

In IYC's January All Member meeting, IYC members gathered together on Zoom to bond and learn about the various volunteering opportunities that IYC had in store for everyone. Many members showed up and were able to participate, and members from the California and Taiwan branches joined our monthly meeting for the first time. We hope to see you at our next member meeting!

Welcome California & Taiwan Families!!!

Presidio Habitat Stewards (California)

Project leader: Yan Milman

The purpose of this volunteer project is to help revive damaged ecosystems and preserve the natural areas in the Presidio of San Francisco. Volunteer activities include weeding, watering, mulching and planting every Saturday morning.
